**EXAMINER'S COMMENT AND REASONS FOR ALLOWANCE**

***Drawings***

1. Figures 3 and 4 should be designated by a legend such as --Prior Art-- because only that which is old is illustrated. See MPEP § 608.02(g). Corrected drawings in compliance with 37 CFR 1.121(d) are required in reply to the Office action to avoid abandonment of the application. The replacement sheet(s) should be labeled "Replacement Sheet" in the page header (as per 37 CFR 1.84(c)) so as not to obstruct any portion of the drawing figures.
2. The following is an examiner's statement of reasons for allowance: The prior art of reference fails to teach an injection molding machine with two injection cylinders in parallel on the retention member and the two nozzle touch rods disposed symmetrically outside the injection units with two servomotors for driving the respective nut pieces. The closest prior art having two cylinders utilize only one rod or only one servomotor, not independent servomotors to each of the rods that are disposed outside each injection unit and the entire unit retention member and each injection unit are moved together. The other closes prior art, Dechavanne, discloses two separate clamping units for each injection unit, however, the injection units are independently operated and lack the nozzle touch rods, nut pieces, and servomotors drive a heating cylinder retention member.

Any comments considered necessary by applicant must be submitted no later than the payment of the issue fee and, to avoid processing delays, should preferably

accompany the issue fee. Such submissions should be clearly labeled "Comments on Statement of Reasons for Allowance."

**Conclusion**

3. The prior art made of record and not relied upon is considered pertinent to applicant's disclosure. Mussler (5580584), Nagasaka (4699581), Tribbett (3947196).
4. Any inquiry concerning this communication or earlier communications from the examiner should be directed to Emmanuel S. Luk whose telephone number is (571) 272-1134. The examiner can normally be reached on Monday-Thursday 8 to 5 and alternate Fridays.
